

Elko County Ambulance Service Special EMS Service Program

Elko County Ambulance Service (ECAS) understands the importance of providing EMS services during special events or community programs. The enclosed Special EMS Service Agreement must be utilized in order to arrange any special EMS coverage by Elko County Ambulance Service.

Special EMS Services differ depending on the organization requesting (government vs. business vs. nonprofit) services and the contents of the enclosed agreement should be carefully reviewed and completed depending on the nature of your event and hosting organization.

In order for any organization or governmental entity to request special standby services from ECAS, the enclosed agreement must be requested, completed, signed and returned to ECAS at least 72 hours prior to start of any single occurring special event. Extended events, multi-day events, or large events requiring special EMS services beyond one ambulance should be arranged and this agreement returned to ECAS at least fourteen (14) days prior to the start of the event.

Although Elko County Ambulance Service will make every effort to provide the level of service requested, no specific level of service or coverage can be guaranteed due to the nature of EMS services and the fact that the first priority of ECAS is always response to 911 calls made by Elko County Citizens. Please read the enclosed agreement carefully for details.

Elko County Ambulance Service always seeks to provide the best EMS services to citizens and those requesting special services and we always welcome feedback should you have any questions or concerns.

To complete the process of requesting special standby services from Elko County Ambulance Service, please accurately complete the enclosed agreement and submit it to ECAS before applicable deadlines.
