Elko County
***“Solid Waste Refuse Hauling and Disposal in
the Salt Lake Basin Solid Waste Management
District”***

Elko County is requesting bid proposals for the “Solid Waste Refuse Hauling and Disposal for the Salt Lake Basin Solid Waste Management District”.

Salt Lake Basin District area includes Montello and Pilot Valley which are both waste bin facilities.

This request for proposals will include service of the district named above, with a four (4) year contract and with the option of a four (4) year renewal agreement upon favorable review.

Businesses, Companies or Contractors must be properly licensed in the state of Nevada for this activity and qualified to submit a bid in writing, as per the instructions and furnish the services for the Salt Lake Basin District.

Bids shall be on a per haul basis including these items:

- Tipping fees per ton
- Hauling costs
- Bin rentals
- Equipment rental

Elko County reserves the right to set haul frequency including seasonally or by event.

The provider will ensure they are capable of supplying bins and hauling service on an “as called basis”.

A bid amount shall include the following description of service and equipment:

SALT LAKE BASIN DISTRICT:
MONTELLO / PILOT VALLEY AREA

Description of service:

Provide steel solid waste containers at various community locations to receive acceptable solid waste.

Provide transport service to exchange empty containers with loaded containers at least every other week.

Provide solid waste disposal service at a facility that meets or exceeds all local, state, or federal regulations or standards.

Description of equipment:

Provide one (1) steel roll-off container (forty-six (46) cubic yard minimum capacity) at each of the community locations. Trailers shall have hydraulically actuated covers suitable for hauling and storage of solid waste.

Provide a semi-tractor and driver to transport, place empty refuse containers and to transport out the full refuse containers.

In addition to the twice monthly service, this waste transport service is an “on-demand” or “as-needed” service and the provider must be capable of responding to “a call for service”.

The provider must be able to demonstrate the ability to provide necessary back-up equipment for all the above listed equipment in working order to keep accumulations of solid waste from occurring at either community locations.

Certification not to boycott Israel

Provider will certify that it is not currently engaged in, and agrees for the duration of the contract not to engage in, a boycott of Israel pursuant to NRS 332.065(2).
