Elko County Policies & Procedures	<u>Effective Date</u> 04/13/1999	<u>Policy #</u> A-303.4
Permit Extensions	<u>Pages</u> 1	<u>Revision</u> 02/12/2008

Subject: Permit Extensions

Per Code, unexpired permits may be extended one (1) time only for a period not exceeding 180 days. The Building Official may also approve more than one extension that is not consecutive with a prior approved extension, under special circumstances.

As long as inspections continue to be performed, the permit will remain active until such time as a Final Inspection is done.

If no inspections take place for 180 days, the permit becomes “null and void.”

Background:

This policy is intended to allow the permittee extra time to finish a project when they are unable to commence work within the time required because of circumstances beyond their control, i.e., illness, weather, etc.

Building Official: Thomas M. Ingersoll
