13. After collecting responses from your patrons, please provide us with your TOP FIVE comments.
   1) Going to our library is a highlight of Tyler’s week. It is a magic place to him and fosters a great love for books. It’s also “his” library!-Tyler & Jan Morrison, Austin
   2) The Elko County Library provides a wide variety of services beneficial to all of the members of our community. From events and activities for all ages, to books, audios, and a variety of media. Our community would greatly suffer without this wonderful resource.-Carol Petrie, Elko
   3) I love to come to the library. It is full of really cool books and movies and the people here are nice. I come down once a week and rent movies and books. I love it here. Chris Bean, Battle Mountain
   4) My favorite part of this library is the warm friendly atmosphere. I come here not only to check out books and use the computer but to cheer myself up because the librarian always puts a big smile on my face!!!--Jennifer, Crescent Valley
   5) This library is a connection to the world for those who don’t have computers or time to drive to Elko or Battle Mountain for computer/Internet time. It is a blessing to have it available also to get movies, etc. from Elko without traveling so far.-Shelly Rice, Crescent Valley
