

Notice No. 12-2021

BUSINESS IMPACT STATEMENT
Jarbidge Water System

Elko County, Nevada is soliciting comments on a proposed Resolution No. 2021-12 which will increase the water rates for the Jarbidge Water Enterprise.

The increase in water rates and fees for the Jarbidge Water system will result in improvement in the funding of current expenses and recapture of depreciation to capitalize the system and provide for future improvements. The rate increase will fund approximately \$61,300.00 per year to pay the operating cost of operations and \$24,252.00 per year to fund approximately 29% of the depreciation expense which provides for future improvements to the water plant.

Upon receipt of the comments a business impact statement will be completed. This will be reviewed by the Board of County Commissioners at a public hearing prior to discussion of the proposed Resolution No. 2021-12.

For comments to be included in the business impact statement they need to be received no later than 5:00 p.m. (Pacific Time) on June 11, 2021.

Questions or comments should be addressed to Mr. Cash A. Minor, Assistant County Manager/CFO, 540 Court Street, Elko, Nevada 89801, Telephone 775-753-7073.

The business impact statement will be reviewed by the Elko County Commission at a public hearing on July 7, 2021.
